

# REPORT ON TRANSPORTATION INVESTMENTS

Council  
District

4

As of  
**March**  
2016

Welcome to the SDOT quarterly report for your district. This is our first issue and we will have more data as time goes on and make adjustments as needed. We hope you find them helpful and that you are able to stay current on SDOT issues affecting your district.

Move Seattle is starting to ramp up and there is some lag time in collecting certain data. For transparency purposes we are including information in this report even if volumes are low. We expect the volume of data to grow and provide increasing insights into the transportation investments in each district. In future reports, we will also be adding additional types of performance goals and metrics.

Key Metrics, Quarterly Accomplishments, and Performance Goals are by Council District. The City of Seattle uses current data to monitor progress against goals. Explore more information about performance metrics like these and the underlying data at the interactive website [performance.seattle.gov](http://performance.seattle.gov).

## PERFORMANCE GOALS

	<b>VISION ZERO</b> Vision Zero is Seattle's plan to end traffic deaths and serious injuries by 2030. Read about 2015 actions items at <a href="http://seattle.gov/visionzero">seattle.gov/visionzero</a> . For annual collision information, see <a href="http://seattle.gov/transportation/reports.htm">seattle.gov/transportation/reports.htm</a> .	Traffic Fatalities <b>0</b>	Plan Action Items <b>0</b>
	<b>POTHOLE REPAIR</b> The City seeks to repair 80% of reported potholes within three business days of notification. More information about repair and to see the Seattle Pothole Status Map at: <a href="http://seattle.gov/transportation/potholes">seattle.gov/transportation/potholes</a> .	Work Orders <b>177</b>	3-Day Response <b>95%</b>

This report is published quarterly by the Seattle Department of Transportation and is available at [seattle.gov/transportation/reports.htm](http://seattle.gov/transportation/reports.htm)

## FIRST QUARTER HIGHLIGHTS

---

### NEIGHBORHOOD STREET FUND

Applications were due on April 17<sup>th</sup> for the Neighborhood Street Fund (NSF) Large Project Program. Many of your residents will have applied, so here are the next steps in the process:

Projects qualify if they meet the following criteria:

- Large, but not too large (generally between \$100,000 and \$1 million to design and construct)
- Related to transportation
- Located within SDOT right of way (city streets and sidewalks)
- Have the support of their local neighborhood District Council

For more information: <http://www.seattle.gov/transportation/nsf.htm>

Important dates:

- April 17, 2016 – Deadline for submitting applications
- May 2016 – Proposals are screened and five projects are selected by each of 13 Neighborhood District Councils
- June – August 2016 – SDOT conducts a high level design and cost estimate of the 65 projects selected
- September – October 2016 – The Levy to Move Seattle Oversight Committee evaluates all proposed projects and makes funding recommendations to the Mayor and City Council
- November 2016 – 2017 Budget is adopted with selected projects included
- 2017 – SDOT designs projects
- 2018 – SDOT builds projects

Fairview Ave E and Fairview Ave N  
Intersection Improvements and  
Trail Improvements

## UPCOMING EVENTS

---

**4/19 Seattle Freight Advisory Board**  
City Hall Boards and Commissions Room

**6/1 Seattle Bicycle Advisory Board**  
City Hall Boards and Commissions Room  
6 PM- 8 PM

**6/21 Seattle Freight Advisory Board**  
City Hall Boards and Commissions Room  
9:30 AM – 12 PM

## KEY METRICS YEAR TO DATE

 <b>STREET TREES</b> Street trees added by capital improvement projects, tree replacement programs, private development, and private citizens.	Planted <b>4</b>	
 <b>CUSTOMER SERVICE REQUESTS</b> General Inquiry Service requests from SDOT's call center at 684-ROADS, the online web form at <a href="http://seattle.gov/customerservice/request.htm">seattle.gov/customerservice/request.htm</a> , or received by the Find It, Fix It mobile app.	Received <b>147</b>	Closed <b>149</b>
 <b>ROAD PAVING</b> Repave and repair arterial streets through capital projects and at targeted locations with a repair and maintenance program run by City crews.	Miles Paved <b>0.01</b>	
 <b>SIDEWALKS</b> Construct new blocks of sidewalks and repair damaged sidewalks.	Sq. Ft. Repaired <b>352</b>	Locations Repaired <b>2</b>

## QUARTERLY ACCOMPLISHMENTS IN THE FIELD

Type of Work	Q1	Q2	Q3	Q4	YTD
Bicycle parking spaces (racks)	36				36
Bridge repair requests completed	29				29
Crossing improvements implemented	0				0
Electrical traffic control devices evaluated	16				16
Electrical traffic control devices installed/mod./removed	1				1
Guardrail replaced/installed (linear feet)	0				0
Landscaping maintained	12				12
Left turn signal improvements evaluated	3				3
Neighborhood small projects implemented	0				0
Regulatory street signs replaced (intersections)	79				79
Street name signs replaced	0				0
Traffic control concerns evaluated	41				41
Traffic signals maintained	56				56
Trees pruned	13				13

## LARGE CAPITAL PROJECTS

Project	Cost Estimate	Current Status	Completion
1 2016 Pavement Microsurfacing	\$1.8 - 2.3M	Final Design	TBD
2 45th/Market Street Real-Time Information System Signs	\$1.7M	Closeout	Sep 2015
3 Arterial Paving - Greenwood Ave N - 112th to 136th; Protected Bike Lanes (Fremont & West Seattle)	\$3.6 - 4.5M	Final Design	TBD
4 Arterial Paving Projects - Roosevelt	\$6.9M	Construction	Aug 2016
5 Fairview Ave N Bridge Replacement	\$42.3 - 53.0M	Final Design	TBD
6 Rail Paint Projects	\$1 - 1.3M	Preconstruction	TBD
7 Safe Routes to School - 2015 Sidewalk Improvements	\$2.6M	Closeout	Mar 2016
8 Sidewalk Development Program - 2015 Sidewalks	\$1.7M		

The projects listed above are included in the Seattle Department of Transportation Capital Projects Dashboard, an interactive site designed to offer insight into budget, spending, and timeline information on City transportation projects that have reached the design phase and are estimated to cost more than \$500,000. The Dashboard does not include projects that are in planning stages or do not have established budgets and schedules.

Please visit [capitalprojects.seattle.gov](http://capitalprojects.seattle.gov) for project updates and additional information.

Fairview Avenue N Bridge Replacement

Arterial Paving – Greenwood Ave N – 112<sup>th</sup> to 136<sup>th</sup>.

Arterial Paving Projects - Roosevelt

## STREET USE PERMIT ACTIVITY

Permit Type	YTD Total
Street Improvement Permit Applications Received	3
Right of Way Management Permits Issued	743
Active Sidewalk Café Permits	16
Playstreet & Block Party Permits Issued	5

SDOT manages the City's right of way under the authority of Seattle Municipal Code, Title 15. Permitting volumes reflect construction and use activity in the right of way. Permit requirements and fees help mitigate impacts to the traveling public. SDOT strives to ensure mobility during construction; protect City assets; and encourage place-making and activation. The café permit count represents a total number of café permits that were active during the quarter. For more information see: [www.seattle.gov/transportation/stuse\\_permits.htm](http://www.seattle.gov/transportation/stuse_permits.htm).
